Hi Dave -

We had a call yesterday with USS Minntac to discuss the reaches where they want to remove some class 3 and 4 uses and also the 1B drinking water use. I mentioned a conversation we had a while ago about the 2015 FR notice providing some information on UVDs. I just said EPA but they asked so I said we had mostly talked to you. And I think Bill mentioned Robie. Just an FYI in case they call you.
